

# Applying for Payanywhere.

Head to [payanywhere.com/campmasters](https://payanywhere.com/campmasters) to apply for your account. As the head of your Unit, you are responsible for your account. Use your information for the majority of the fields on this page.

The Boy Scouts of American National Council does not permit any regional or local councils, troops, packs, or units to use the National Council's Tax Identification Number (TIN) when applying for a merchant processing account. You should use your Chartering Organizations (TIN).

When filling out the second form, Units should not use the Social Security Number of an adult leader. If they do, the IRS will attribute all banking transactions, unit purchases, etc., to that leader as an individual and they will be solely responsible for any tax related burden. Total transactions under \$20,000 do not trigger a 1099 however. You will need to provide your Social Security number in the All about you section to prove you are a real person.

Be sure to write down your password. You will use it to log in to the Payanywhere app and Payanywhere Inside.

Business name must match TIN name of Chartering Organization

Be sure to write down your password. You will use it to log in to the Payanywhere app and Payanywhere Inside.

List an amount that is <\$25,000.

Select "Manager"

You can give access to others to manage as well, but must have a primary contact.
